Accelerated Reader Program

Unfortunately there is no AR report for this letter, due to a problem with the computers. We are working to correct the problem and will hopefully have it up and running today. The students have not been able to take any AR tests since last Friday, 10/12/07. We will be extending the end of the first AR goal date to **Friday, October 26, 2007** to allow all students the opportunity to take the AR tests they are ready for. Goals for the second nine week period will be set the week of **October 29, 2007**. Thank you for your support and understanding.
